Material
PA66 L991C

Version	Released on
01	14.10.2021

General Data

Colour: Black

Physical Properties	Nominal Range	Typical Value	
Density ASTM D792, 23 °C		1.11	g/cm³
Tensile strength ASTM D638, 23 °C		61	MPa
Elongation at break ASTM D638, 23 °C		35	%

This data sheet supersedes all previous versions. The content is subject to change without prior notice. The given values are based on a limited number of tests on standard test pieces (2mm sheets) produced in the laboratory. The data from finished parts can deviate from above values depending on the manufacturing process and the component geometry. The data represents our present empirical values. It is incumbent on the person placing the order to examine whether it is suitable for its intended purpose, before using the product. All questions regarding the guarantee of this product are in line with our terms and conditions, inasmuch as statutory provisions do not plan for something else.
